*Please note if you are seeking a waiver of the fee on the grounds of general public interest you will need to explain how the information you are seeking will be used for a public purpose:

There is a high level of public interest in the proposed move of UTAS' southern campus into the Hobart CBD and the redevelopment of the Sandy Bay campus. I am preparing to write an article (or series of articles) on how this proposal developed over time.

If **yes**, you must provide proof of identity before we can release the information – if lodging by email or mail you will need to provide certified copies.

Details of the information sought: (If there is insufficient room in the space provided please attach further details.)

UTAS' annual report for 2016 includes a statement that:
"Following the visit to King's, the Vice Chancellor and Chair of the University Council's Built Environment and Infrastructure Committee joined with the Hobart City Council to attend the annual conference of the Academic Association Conference, entitled UniversCities – Higher Education Institutions and their Habitat. Following the conference, delegates visited the exemplar cities of Freiburg in Germany and Cambridge in the UK." (p33)

UTAS's annual report for 2017 includes a reference to:
"...a tour for the mayors and aldermen of Hobart, Burnie and Launceston to collaboratively explore how strong partnerships between universities and cities can create social, cultural, and economic benefits." (p30)

I request all UTAS Council and Built Environment and Infrastructure Committee records relating to these two visits/tours ("visits"), including but not limited to:

- proposals for the visits;
- lists of UTAS officers, mayors and alderman involved in the visits/tours ("delegates");
- choice of delegates;
- briefs prepared for the visits;
- reports on/assessments of the visits;
- Council discussion of the visits; and
- the costs of the visits (I would expect these to include line item expenditures, rather than detailed accounts or receipts).
