Personal information:

Is Application for release of personal information (Please mark "X")	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
---	------------	--------------------------	-----------	-------------------------------------

If yes, you must provide proof of identity before we can release the information – if lodging by email or mail you will need to provide certified copies.

Details of the information sought: (If there is insufficient room in the space provided please attach further details.)

Page 8 of Attachment 1 of Part 13 of UTAS' submission to the Legislative Council Select Committee's Inquiry into the Provisions of the University of Tasmania Act 1992 refers to research by Deloitte Access Economics (DAE).

See:

<https://www.parliament.tas.gov.au/ctee/council/Submissions/UTAS/113%20Part%2013%20-%20UTAS%20Campus%20Transformation.pdf?fbclid=IwAR04cvlhj99APVBvZ6Qtt4PDWFbEZa8SskmD7PZR3PfKbHOty9nlixoGj24>

I request a copy of the DAE research and all related documents (working papers etc).

I anticipate that UTAS may argue that DAE's research is:

- . DAE's IP - Research reports to UTAS and the like will belong to UTAS; DAE should be consulted as a third party about any real IP invested in the project;
- . The research is commercially sensitive - truly sensitive material can be redacted;
- . My request would involve an unreasonable diversion of resources - given the public interest in this matter, the resources involved processing would be fully warranted.

As DAE's research is being used as part of UTAS' main argument for relocation into the Hobart CBD (ie financial sustainability), UTAS should welcome the opportunity to provide that research for public scrutiny.
